

Selected sizes of NSK's Monocarrier™ linear actuator product line are available within a 4-6 week delivery time. Tailored for customers interested in purchasing smaller volumes for quick turnaround needs.

## PROGRAM FEATURES

- › MCM Series Monocarrier™ available for quick ship.
- › MCM03, MCM05 and MCM06 part numbers included.
  - Most standard accessories are available within 4-6 weeks.
- › Order quantity is limited to 5 pieces.

## DESIGN FEATURES & BENEFITS

Lightweight, Compact Design - All-in-One Structure

- › The all-in-one structure integrates a ball screw, linear guide and support bearings into a single unit to significantly reduce design and installation time.
- › Multiple datum planes, on the bottom and a lateral side of the rail, facilitate highly accurate installation.
- › A wide selection of size, stroke and lead combinations are available.

Long Term, Maintenance-Free Operation

- › Use of NSK K1™ Lubrication Unit and grease maintains smooth lubricating performance for long periods in mechanical environments where lubrication is difficult to apply or detrimental to the environment.

Superb Anti-Rust Capability

- › Rust-resistant, low temperature chrome plating used on bodies and sliders is a standard feature.

## APPLICATIONS

- › Factory Automation
- › Medical
- › Semiconductor
